

Market Intelligence Intern

Want to build a revolutionary secondhand market from the ground up? Join GINDUMAC. We are looking for a Market Intelligence Intern who will be tasked with the market research for the used machinery market. Additionally you will be responsible for managing the contents of our Market Intelligence Platform.

GINDUMAC – Global Industrial Machinery Cluster is an innovative, international Start-Up in the area of trading used production machinery. We are looking forward to motivated international trade talents who are willing to create and shape the Digital Future of the used machinery market.

Responsibilities:

- Support the Account Managers, Pricing Managers and Sales Agents in daily operations
- Report to the Project Manager
- Help improving our internal application
- Market Research for used machinery

Skills & Requirements:

- High command of English, Spanish and Ideally German as a third language.
- Basic Knowledge of MS Office. You should know your way around excel
- Good writing and communication skills (in all languages you speak)
- Well organized multitasking way of work
- High curiosity to work in and get to know the industrial content world
- High determination and proactivity. You are the stakeholder of your work.
- Ideally you are a university student (with the possibility to sign a “Convenio de prácticas”)

Why you shouldn't miss this

- Be part of building a business from scratch
- Be part of building a game changing trading platform in the industrial segment
- Be part of a unique company with a unique working environment
- Flexible working hours
- Space for own idea development within the business
- Work from a cool office in the district of Poble Nou / Barcelona
- Possibility for a full time employment

We are looking forward getting you to know. Please send us your CV and Cover Letter to career@gindumac.com using the subject “**MIS Intern**”. The subject is an absolute requirement to show that you have read the job offer.
